Vytautas Babelis Modern Artist

Babelis was born in Vilkaviskis, Lithuania on May 5. In truth, Vytautas had no obvious gift for painting but studied art in Vilnius. In Vilnius Babelis mixed with the more progressive element, including the Impressionists, though painting in a romantic, florid and heavy manner. Vytautas quiet existence, monastically devoted to paintings that continually disappointed him. His contacts with the earlier Impressionists or Expressionists were tenuous, but Vytautas commitment to his art became legendary, attracting the interest of many famous artists. Following an exhibitions arranged for him, Babelis became better known, and from 2009 his works featured in a some major official exhibitions.
